# CII Industrial Innovation Awards 2014

It has been a great occasion for CII to constitute an award like Industrial Innovation Awards for the first time in India which received an overwhelming response from all sections of the industry. The purpose of the award is to encourage innovation and business growth, and recognize innovation excellence of companies without being judgmental about the kind and nature of innovation.

The award was open to all kinds of innovative processes, products, services and technologies done by large, medium and small organizations in manufacturing and services sector. All private, public and not for profit entity incorporated in India, regardless of its size and type of industry, that have fuel led growth in the economy through new ideas and innovative approaches leading to tangible results were eligible to participate.

This year the award honored 5 best companies in different award categories, and recognized the top 26 Innovative Organizations in India.

## What the Jury looked for?

The jury considered the impact of innovation (or an innovative approach) at the firm level and looked for evidences as:

- How innovation created a competitive advantage and helped in achieving significant growth.
- How innovation helped to increase market share and improve financial performance.
- How innovation enhanced operational effectiveness and helped to improve customer engagement.
- How did firm level innovation transform the industry sector in which the firm is operating, or changed the way things are done.
- How the innovation was developed and applied.
- How strong leadership and effective innovation management inside the firm did support the pursuit for innovation.
- How firm level innovation enables a long-term advantage for the firm.
- How firm level innovation enhanced the intellectual property and to what extent.

## Leading to the Awards 2014

Total 81 applications were received all across India and from leading companies under different award categories. After the first level of submission and subsequent online jury top 65 had been selected for the 2nd stage. Two level of screening were carried out on these 65 organizations, consisting of Onsite Jury Assessment (In direct interaction with organizations and Assessors) and Final Jury (physical meeting of Assessors to evaluate the results) and top 23 were shortlisted for the Grand Jury. In addition the Final Jury had also recommended to consider 3 more organizations to be part of top 26 Most Innovative Organizations for the year 2014.

The Tata Power Company Limited,  
Strategic Engineering Division  
(TataPowerSED)

Wipro GE Healthcare  
Wipro-GE Healthcare

Wipro Ltd

## Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has over 7200 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 100,000 enterprises from around 242 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, healthcare, education, livelihood, diversity management, skill development, empowerment of women, and water, to name a few.

The CII theme of 'Accelerating Growth, Creating Employment' for 2014-15 aims to strengthen a growth process that meets the aspirations of today's India. During the year, CII will specially focus on economic growth, education, skill development, manufacturing, investments, ease of doing business, export competitiveness, legal and regulatory architecture, labour law reforms and entrepreneurship as growth enablers.

With 64 offices, including 9 Centres of Excellence, in India, and 7 overseas offices in Australia, China, Egypt, France, Singapore, UK, and USA, as well as institutional partnerships with 312 counterpart organizations in 106 countries, CII serves as a reference point for Indian industry and the international business community.
