

INDUSTRIAL INNOVATION AWARDS 2017

RETROSPECT

Innovation Journey

Building Innovation Spirit across Industry

CII Industrial Innovation Awards were instituted in 2014, with a vision to recognize innovative Indian firms as champions and benchmark them on innovation readiness among other Indian firms. The Award through its robust Innovation Maturity Framework helps firms to identify their innovation strengths and weaknesses on various firm level innovation parameters, and with its unique innovation assessment process stands out among other similar initiatives in India. The Award also honors the best innovation driven Indian start-ups.

For last few years Government's focus and advocacy on firm level Innovation capability building has remained outstanding, which is truly reflected through its programs like a Make in India, Digital India etc., and has given a big boost to industrial competitiveness. This has encouraged Indian firms to remain competitive in domestic as well as in global markets, and its positive effect has been reflected in the quality and quantity of applications received by CII Industrial Innovation Awards.

Last four editions of CII Industrial Innovation Awards, recognized 102 Firms and 30 Start-ups as Champions of Indian Innovation in their respective industry sectors and segments. With the number of applications increasing each year, the CII Industrial Innovation Awards have become one of the most coveted recognition in the country

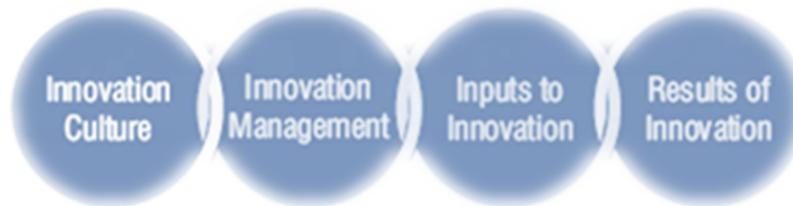

2017 Journey

A total of 200 plus registrations (including start-ups & industry) were received across India. After the Online evaluation of 194 initial applications (including start-ups & industry), 112 enterprises (industry & start-ups) were selected for the next phase to submit the final applications. Two level of screening were then carried out on 71 enterprises (large, medium and small), consisting of Onsite Jury Assessment (In direct interaction with enterprises and Assessors) and First Level Jury (physical meeting of Assessors to evaluate the results) to shortlist top 26 for the Grand Jury. From these 26, 7 companies were selected for special Awards under various categories in Grand Jury stage.

In the startup category, after the first level of submission and subsequent online jury, top 41 were selected for the Final stage. After the evaluation of the finalists, the jury selected top 10 most Promising startups.

WHAT JURY LOOKED FOR?

The Jury evaluated 4 key pillars that make an organization innovative; CII Enterprise Innovation Maturity Framework was used by the Jury to capture a 360-degree perspective

Each pillar was further divided into key areas of interest. The following table lists out areas under each pillar.

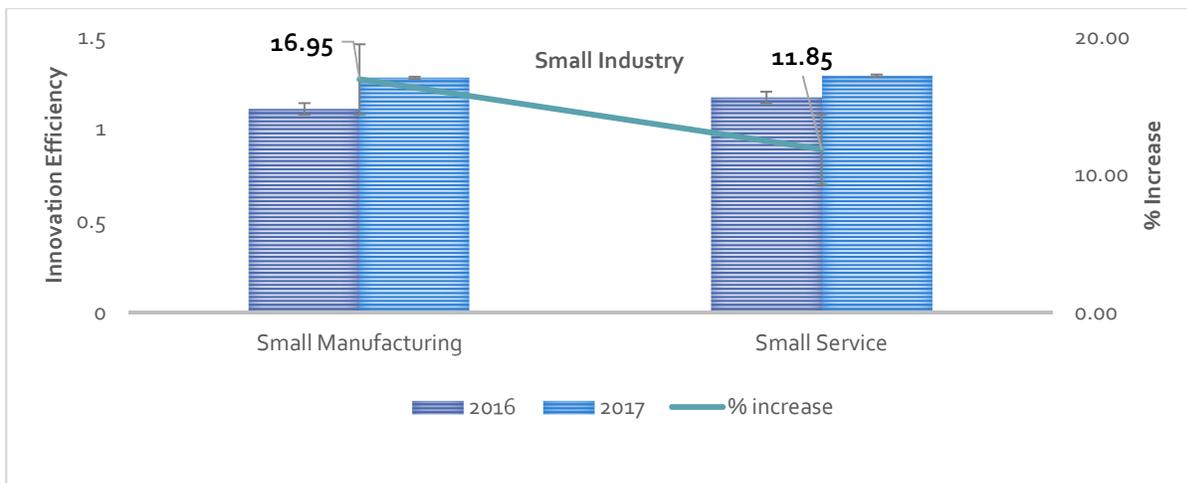

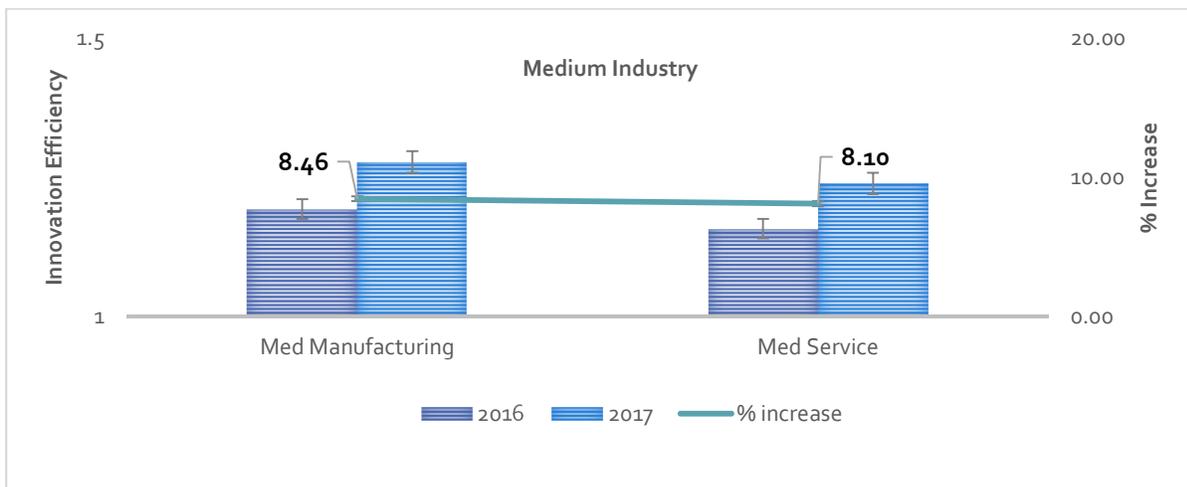

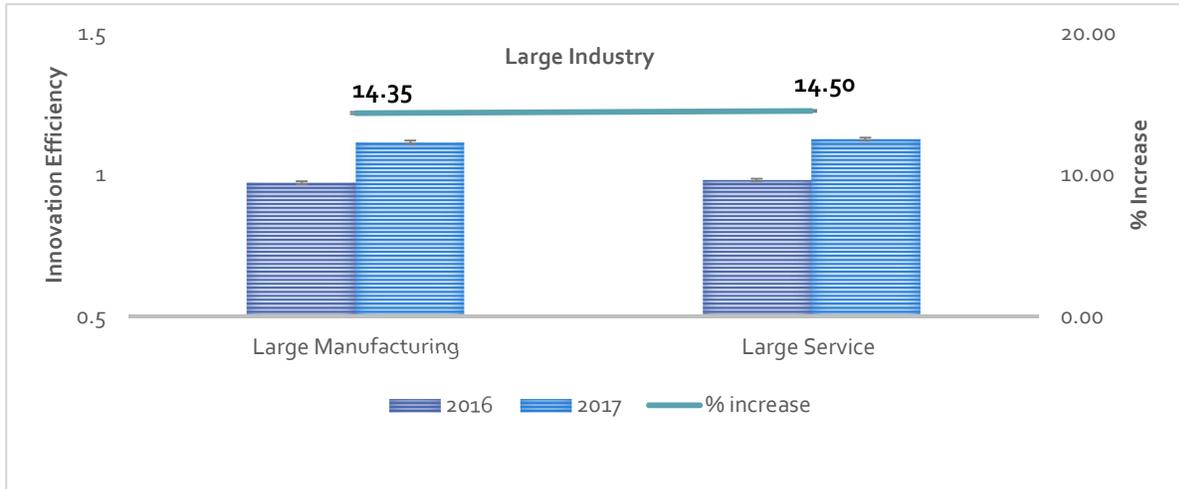

Innovation Culture	Innovation Management	Inputs to Innovation	Results of Innovation
<ul style="list-style-type: none"> Board/CxO 	<ul style="list-style-type: none"> Strategy & Direction 	<ul style="list-style-type: none"> Input resources 	<ul style="list-style-type: none"> Outputs
<ul style="list-style-type: none"> Middle Management 	<ul style="list-style-type: none"> Ideation 	<ul style="list-style-type: none"> Non-resource Inputs 	<ul style="list-style-type: none"> Outcomes
<ul style="list-style-type: none"> Ground Force 	<ul style="list-style-type: none"> Prototype Development 		
<ul style="list-style-type: none"> Empowerment 	<ul style="list-style-type: none"> Scale-up 		
<ul style="list-style-type: none"> Permeable Boundaries 	<ul style="list-style-type: none"> Knowledge Management 		
	<ul style="list-style-type: none"> Communication Management

CYIENT

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has over 8,500 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 200,000 enterprises from around 265 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, healthcare, education, livelihood, diversity management, skill development, empowerment of women, and water, to name a few.

As a developmental institution working towards India's overall growth with a special focus on India@75 in 2022, the CII theme for 2017-18, **India@75: Inclusive. Ahead. Responsible** emphasizes Industry's role in partnering Government to accelerate India's growth and development. The focus will be on key enablers such as job creation; skill development and training; affirmative action; women parity; new models of development; sustainability; corporate social responsibility, governance and transparency.

With 67 offices, including 9 Centres of Excellence, in India, and 11 overseas offices in Australia, Bahrain, China, Egypt, France, Germany, Iran, Singapore, South Africa, UK, and USA, as well as institutional partnerships with 355 counterpart organizations in 126 countries, CII serves as a reference point for Indian industry and the international business community.
